Universal Storage Shelf Holder Instruction Guide

by x8rltd

The Fault

Lack of storage solutions available from factory options in commercial vehicles

Most commercial vehicles, van and camper conversions have limited storage solutions. They often come with the rear of the vehicle completely bare except from the MDF cladding on the inside of the shell.

The Solution

Install X8R's universal storage shelf in under 10 minutes for a simple storage solution

X8R's universal storage shelf is the perfect solution for tradespeople, van owners and campers. The shelf comes with colour coded self-tapping screws for an easy installation (no power tools required) in under 10 minutes. All you need is a marker, spirit level and Philips head screwdriver.

The shelf can easily be stacked on the door cards, allowing you to install as many shelves as you wish.

The shelf is made from vacuum formed ABS plastic, making it strong and durable for commercial use. It is the ideal size for tools, consumables, magazines and more. The shelf has the following dimensions:

48cm wide x 13cm high x 10cm deep.

Vehicles Affected

This is a universal product. Please check the dimensions above to see if it will be suitable for where you want to install it.

You Will Receive:

1 x plastic storage shelf

Supplies:

You will need:

Philips head screwdriver

Spirit level

Marker pen

Step 1: Level the Shelf

Hold up the shelf to where you'd like to install it. Use a spirit level to ensure it is level.

Step 2: Mark the Holes

Hold the shelf in place and mark the holes with a marker pen.

Step 3: Install the Screws

Use a Philips head screwdriver to install the self-tapping screws. You will not need a power drill. Ensure the screws line up with the holes you marked earlier.

Step 4: Repeat As Necessary

If you are installing multiple shelves, repeat this step as many times as necessary.

This completes the installation. If you need any further guidance on this install or would like to purchase the parts shown please call us on +44 01843 446643 or email us at sales@x8r.co.uk. Please also check out our instruction guide on YouTube. www.x8r.co.uk Installation is carried out at installers risk, if unsure please contact us or a professional, X8R Ltd cannot be held responsible for any adverse result of installing this product or any injuries caused by install, if in doubt ask a professional.
