### Introduction: Front Seat Van Organiser Bag

**KEEP YOUR VAN ORGANISED  
ON THE MOVE!**

#### The Fault

*Trade vehicles suffer with lack of storage facilities*

Trade vans, despite being designed for work, often suffer from a lack of convenient storage space. They typically have limited compartments to stow away tools, documents, and personal items. The gloveboxes are often small and don't accommodate much beyond basic items like a few maps or pens. Door pockets, which are usually intended for small items, often feel cramped and can barely fit a water bottle or maybe a small tool. In many cases, a cup holder is a luxury, and if it's present, it's typically just one or two basic holders, not enough for all the essentials a worker might need while on the road. There's little to no dedicated storage for larger equipment, making it difficult to keep things organized and easily accessible.

This lack of storage solutions can lead to clutter in the cab, which may not only make it uncomfortable but also reduce the van's functionality for its intended use.

## **The Solution**

### *Introducing the new X8R front seat organiser bag*

This portable storage bag is a game-changer for anyone needing organized and accessible storage in a van. Designed to clip securely to the passenger seat, it features multiple compartments that help keep everything in order—pens, documents, folders, tablets, laptops, tools, and marketing materials all have their own designated space.

The bag uniquely features a storage strap with high-quality stitching creating four slots perfect for storing hand tools such as digital calipers, rules, tapemeasures and more.

The bag is equipped with two large cup holders, perfect for holding drinks or even smaller tools, ensuring that you have what you need right at your fingertips while on the move. For added convenience, it comes with an adjustable, removable strap, complete with a padded shoulder section, allowing you to carry it easily when you need to take it outside the van.

Additionally, the bag includes a 13L insulated lunch box, complete with an ice pack, so you can keep your lunch cool and fresh all day long, making it the ideal companion for busy workdays.

Crafted from durable PU Lined Oxford Polyester, the bag is tough enough to handle the rigors of daily use in a trade environment, offering excellent protection for your gear while maintaining a sleek, professional look. This material is ideal for work-use as it is:

1. Water resistant
2. Easy to clean
3. Anti-tear
4. Well insulated
5. Fire retardant
6. Withstands 95% of UV rays

Whether you're on the job site or traveling between appointments, this storage bag has everything you need to stay organized and prepared.

## **Vehicles Affected**

This is a universal item designed to fit on all passenger seats of vans. Please check the measurements above.

## **You Will Receive**

1 x Front seat van organiser bag

1 x 13L insulated lunch box

1 x Ice pack

# Supplies

You will need:

No tools required.

## Step 1: Installation

Clip the passenger seatbelt into position. Unclip the straps at the back of the organiser and fix them around the bottom of the seat belt. Tighten the straps until the organiser is completely secure.

*This completes the installation. If you need any further guidance on this install or would like to purchase the parts shown please call us on +44 01843 446643 or email us at [sales@x8r.co.uk](mailto:sales@x8r.co.uk). Please also check out our instruction guide on YouTube. [www.x8r.co.uk](http://www.x8r.co.uk) Installation is carried out at installer's risk, if unsure please contact us or a professional, X8R Ltd cannot be held responsible for any adverse result of installing this product or any injuries caused by install, if in doubt ask a professional.
